# Big crowd for Brighter Days Festival

THE Brighter Days Festival may only be four years old but it is rapidly building a huge following.

Organisers say they doubled the crowd in Howitt Park over the weekend with headline acts including Daryl Braithwaite and Ross Wilson.

On Saturday alone the crowd was estimated more than 5000.

In addition to the musical feast there were so hundreds of custom built motor bikes and cars at the event that raises money for the Cerebra Foundation (Dystrophic Epidermolysis Bullosa Research Association) and Sudden Unexpected Death in Children.

**CROWDED HOUSE:** There was no sign of the former super group but there were plenty of other headline acts that drew in huge crowds at Bright.
